SUSPENSE IS NOT YET BROKEN

Japanese Troops Enter Wijn,
According to the Reports.

Japanese Censorship Commended—
Fighting is Expected to
Start Soon.

STRUGGLE IS NEAR AT HAND.

St. Petersburg, April 5.—In military circles here the opinion prevails that with Gen. Kuropatkin so near the border there will be but small delay, and active measures may commence any time after April 15.

One of the most remarkable signs at the present moment is the constant mention of possible good relations between Russia and England being the outcome of the Anglo-French understanding. The Birschevsky Viedomosti has an article today which lands English literature and ends by stating that it is not the English Russia dislikes but England's foreign policy.

ONLY ONE ENGLISH LEFT.

Port Arthur, April 5.—All the English workmen engaged in making repairs on the battleships damaged by the Japanese have been put out of Russia, in conformity with the order recently issued by General Stoessel, in command of the forces here expelling all foreigners. The only English person remaining is a female teacher who is ill and whom Stoessel was nursing at his house.

HERO'S BODY ARRIVES.

Tokio, April 5.—The remains of Commander Hiroz Takeo the officer who lost his life during the sixth bombardment of Port Arthur, arrived here today. The moving cortege thronged the streets, making an impressive sight. The body was escorted by marines who participated in the fight in which the commander was killed.

YALU RIVER FORCES.

Tokio, April 5.—Confirmation has reached here of the report that Japanese entered Wijn on the southern bank of Yalu river. The Koreans at Wijn informed the Japanese that the Russians on the upper reaches of the Yalu consist of a small party.

COMMENDS CENSORSHIP.

Liverpool, April 5.—The Post commends the Japanese for their strict censorship of news regarding the movement of ships. Viceroy Alexoff, according to the Post has been benefited by the information contained in British and American press.

JAPS STILL WINNING.

London, April 5.—The Daily Telegraph says: "Pushing north in the past few days with extreme rapidity, and driving the Cossacks squadron before them the Japanese have seized Wijn and Yungampo at the mouth of the Yalu."

NO JAPS AT PORT ARTHUR.

Port Arthur, April 5.—There are no signs of the Japanese here. Grand Duke Boris left to join the field forces.

HENDERSON BRIDGE DEAL NEARLY MADE

Illinois Central Reported to be
Successful at Last.

President Fish Coming Here Tonight
—Supt. Renshaw Is Delayed
and Has Not Come.

OTHER LATE RAILROAD NOTES

Mr. H. O. McCourt, assistant general manager of southern lines of the I. C., passed through the city this morning at 7:50 o'clock en route to Evansville. He traveled in his private car and was met here by Trainmaster Henry Schenning and Master Mechanic Turnbull the latter accompanying him to Evansville. Mr. Schenning went to Central City on business.

Mr. McCourt is on a business trip to Evansville and it is said the mission is an important one. A well known official stated this morning that he would not be surprised if the deal which has been on foot for several years by which the I. C. will be permitted to run over the L. and N. bridge at Henderson until now has been terminated. The negotiations resulted. Matters are such now that the deal will likely go through, but there have been so many wild reports relative to this and all failed to materialize and it is presumed the public will take little stock in it.

The transfer boat at Henderson will be brought here if the deal goes through soon enough as Paducah needs a transfer boat and the company does not desire to go to the expense of buying another when the Henderson boat will be out of service if this deal is put through.

Mr. Stuyvesant Fish, president of the I. C. road, will arrive in the city this afternoon at 6 o'clock from Louisville on a special train. He will be accompanied by J. T. Harahan, second vice president, and John Jacob Astor, the millionaire. These gentlemen are on an inspection tour of the Southern divisions and will run through to Memphis without stops. They will run as the first section of No. 104, the fast Louisville and Memphis passenger train, arriving at 6 p. m. The regular train, running as second section, will arrive ten minutes later.

Mr. William Renshaw, superintendent of machinery of the I. C., will not come to Paducah today, being again delayed on his inspection. The shop men have everything ready for the inspection. The shop men have everything ready for the inspection but have twice been disappointed. He did not say when he would arrive, but is expected tomorrow.

The carmen will meet again tonight and have several new members to initiate. This order has been on the constant increase in popular favor, and the membership is now three hundred. The matter of organizing the trades council will be taken up again tonight, if enough time can be secured aside from the initiations.

Thomas Nickolls, colored, a switchman employed in the Memphis yards, was brought to the local I. C. hospital last night for injuries to his knee. The negro was injured while jumping from a caboose, and the knee is dislocated. He was injured Sunday but the knee had not been dressed or set until he reached Paducah.

Colonel John K. Hendrick went to Gilbertsville this morning to appear in the condemnation railroad suits, one of which will be tried this morning. The suits are for the condemnation of property to secure a right of way for the I. C. to cross the Tennessee river one mile south of its present bridge.

Superintendent A. H. Egan, of the Louisville division of the I. C. will arrive in the city this afternoon late on President Fish's special train. He will probably return to Louisville to-

A search revealed twenty pounds of dynamite, a quantity of nitroglycerine, revolvers and skeleton keys.

It is not known where the convicts secured the various articles.

REGULAR BATTLE.

Chicago, Ill., April 5.—Three persons were shot in the labor riot Tuesday at the branch factory of the American Can Co. All the wounded were non-union Greek strike breakers. Over three hundred shots were fired.

The case against Rev. G. W. Briggs now of Louisville, but lately of Paducah, for maliciously cutting Mr. T. J. Garr, proprietor of The Inn boarding house where Rev. Briggs and family lived, was this morning dismissed on account of the lack of proof. Rev. Briggs, it will be remembered, had gotten into an argument with Mr. Garr because Garr had reprimanded or struck his son and Rev. Briggs cut Mr. Garr in the side with his pocket knife. Shortly after this he went to Louisville. He subsequently recovered and was ready for trial, it is said, when no proof would be secured and the case was accordingly dismissed.

Three cases against B. H. Cobb, of Mayfield, who was charged with obtaining money by false pretenses, were dismissed on account of lack of proof. He was accused of obtaining money for sets for books when he was not an agent of the book company.

Bettie Fondaw is the defendant in a divorce suit filed this morning in circuit court. The suit was brought by Robert Fondaw her husband, who alleges abandonment. They were married in 1890 and separated in 1903.

THE MAGISTRATES IN SESSION TODAY

All Were Present and Fiscal
Court Adjourned at Once.

Finance Committee Preparing a Re-
port—Vote on a Bond Issue
to Be Taken.

FORECAST OF THE SESSION.

The regular spring term of McCracken fiscal court was convened at the county court house here this morning at 9 o'clock by County Judge R. T. Lightfoot, and all the magistrates were present.

The court adjourned immediately after convening in order to give the finance committee time to audit accounts against the city and prepare a report for the court to not on.

"We have a great deal to do," a magistrate stated this morning "and this will be an interesting session of fiscal court. We have several important measures to consider, among them being the \$100,000 bond issue and we will have to decide this term of court whether we will let the people vote on it or not. This bond issue is for gravel roads and is one of Road Supervisor Bert Johnson's ideas. I think it an excellent one and think the bond issue will go through all right."

Besides a great number of minor matters to consider, the board will have to elect a county physician. There are two applicants for this office. Drs. Johnston Bass, and J. W. Pendley.

A poor farm keeper will not have to be elected until fall, and no applicants have announced for this office.

The tax levy will be made at this sitting and it is given out from reliable sources that the rate will not exceed the rate fixed last year, 85 cents.

A hack tax collector will have to be elected and there are few applicants for this position.

A settlement with the sheriff and county commissioner will be made and all salaries for the officers elected will have to be fixed. Usually there is a lively wrangle on the salary matter and it finally ends by the salary remaining as it originally stood.

One important thing the magistrates will do is to create a new fund to be used at the discretion of the county judge for the entertainment of celebrities and visitors who come to this county, prospective purchasers of lands or with the intention of starting up industries.

"We have often felt the need of such a fund," a magistrate explained this morning "and while the fund will not be large will be sufficient to serve our purpose. The fund will be about \$200 I think."

This afternoon the committee will probably finish the work of auditing the accounts and the reports will then be presented for action. The bills are acted on separately and it usually takes a great deal of time to complete this work. Nothing will be done relative to the other matters until this work is finished.

Marshal Williams, colored, were arraigned for malicious wounding and the case continue until tomorrow.

Clay Loftin was arraigned for being drunk and the case continued.

John Durham was fined \$1 and costs for drunkenness.

John Mattingly was fined \$1 and costs for drunkenness.

Tom Bowles colored, was recognized in the sum of \$100 for his good behavior towards his wife. The case charging breach of the peace was dismissed against him.

Pearl Harris and Aline Pool were arraigned for being drunk and disorderly, and the former fined \$20 and costs and the latter \$5 and costs.

LICENSED TO MARRY.

George Ward, of the county, age 28, and Cora Lee Durham, of the county, were today licensed to wed.

Miss Lena Edwards returned from Fulton today at noon.

The ordinance requiring saloons to close at 10:40 was repealed by unanimous vote.

Perry, Fifth and Tennessee to Mark Brizzaloro and Morris Hirschfeld. A new license was granted Isaman Bros. to conduct a general retail saloon business at 231 South Second street.

The reports of Sewer Inspector Rector and of Milk and Meat Inspector Dunley were filed.

The application of Finis Rudolph for the position of sanitary inspector was filed.

The ordinance prescribing that a gate be placed on Tennessee street at Fourteenth street was ordered repealed and another ordinance drawn and passed changing this location to Fifteenth and Tennessee streets.

Councilman Smedley asked if an ordinance existed making it a finable offense to ship live stock and slaughtered beef here to sell without notifying the meat and stock inspector, and when he learned no ordinance covering this point was in force, asked for a vote to require such an ordinance to be drafted, and it was ordered.

The request for stationery for the milk and meat and live stock inspector was referred.

Mayor Yelzer suggested that an ordinance be passed requiring every man tearing up the streets to deposit a certain amount of money for each cubic yard of street torn up with the city treasurer. The ordinance will be brought in at the next meeting,

probably. Councilman Gilson moved for the drafting of an ordinance protecting dumb brutes and such an ordinance was ordered brought in at the next meeting.

Dr. Garber, the newly elected milk and meat inspector, presented a certificate of competency signed by Drs. Robert and Horace Rivers and P. H. Stewart and Johnston Bass, and his bond was presented and accepted. A question as to whether he had been residing in this state and city long enough was raised, but settled immediately. Dr. Garber having resided here the requisite time.

The appointment of The News-Democrat as city printer was presented. The appointment was made by City Attorney Thomas Harrison.

Messrs. Robert Noble, Gip Hensbards and Sam Gott were accepted as bondsmen for Officer Ed. Clark who was a few days ago elected license inspector.

James Koger and Andy Baner were accepted as bondsmen for Wharfmaster Frank Brown.

The action of the board of aldermen in placing Fire Chief Wood's salary at \$100 per month, was ratified.

On motion the board adjourned.

PADUCAH CITIZENS GLADLY TESTIFY.

It is testimony like the following that has placed "the old Quaker Remedy" so far above competitors. When people here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Paducah citizen:

J. W. Wortan, the well known woodworker, now retired, residing at 1403 Burnett street, says: "I have a high opinion of Doan's Kidney Pills because they do just what is claimed for them. I have had kidney trouble more or less for 15 years. After trying a number of remedies that gave me very little relief, if any, I got a box of Doan's Kidney Pills at DuBois & Co's drug store and began to take them as directed. I found them to be the very thing for my trouble. In a few days I noticed a great change in my condition. Before taking the pills my rest peacefully as anyone. I give all the credit for this to Doan's Kidney Pills."

THE ENGINEER WAS STABBED TO DEATH

Martin Farrell, Engineer on
Mary Michael, Killed.

Was Stabbed to Death As a Result
of a Carousal—James Coffey
Killed Him.

HE WAS WELL KNOWN HERE

News of the killing at Cairo of Martin Farrell, engineer on the steamer Mary Michael, of Paducah, operated by the United States Coal company formerly the Paducah Coal and Mining Co., reached the city this morning. The boat is lying at Cairo with a broken shaft. Farrell was killed by James Coffey, a cigar maker.

Yesterday's Cairo Bulletin says of the tragedy:

"Coffey and Farrell, in company with several companions spent Saturday night carousing around town drinking and having a general spree.

"About five o'clock the crowd stopped at the Glad Hand saloon on the corner of Sixth and Ohio Levee streets and in the revelry that ensued Coffey and Farrell became engaged in a friendly, good natured sparring bout. Coffey held an open knife in his and in the exchange of feints and parries he struck Farrell in the back to the right of the spinal column.

"Farrell made the remark, '—, you stuck that d—n knife in me.' Coffey replied: 'I'm sorry, I wouldn't have done it for the world.'

"The wounded man bled freely but objected to having a physician called and started out Sixth street in company with two companions, searching for a drug store. When in front of Curry Brothers' saloon, at 605 Commercial avenue he grew weak and was taken inside, where an ambulance was called to take him to the Marine hospital. Medical aid was also summoned and Drs. Clark and Gordon attended him.

"The wound was an ugly one, the knife blade entering the liver, and despite the efforts of the physicians Farrell died at 1 o'clock yesterday afternoon.

"He stated before his death that the cutting was purely accidental and that he and Coffey were on friendly terms at the time.

"Coffey was seen yesterday at the county jail by a Bulletin representative, and when asked regarding the unfortunate affair he said he was drinking and did not know that he cut Farrell, whether it was inside or outside the saloon—in fact he did not know it the time he had cut him at all. He seemed greatly wrought up over the occurrence and with difficulty repressed tears as he told of two little children who were left motherless last November and were now residing with grandparents on a little farm near Poplar Bluff. He gave that town as his home and stated that he spent part of his time there working at his trade and the balance on the farm. He came to Cairo about four weeks ago and has been working at the cigar factory of F. Teichman since his arrival. He is about 45 years of age.

"Farrell is a steamboat engineer and came here on the Mary Michael which is lying near the Illinois Central stone depot with a broken shaft. He is about 35 or 40 years old and gave his home as Philadelphia. The remains were taken charge of by the Marine Engineers Beneficial association and it is not known what disposition will be made of them.

Committee is Meeting With
Great Success in Canvass

Will Hold a Meeting This Evening at
Gleaves Store on
Broadway.

\$3,000 CAN BE EASILY RAISED.

The committee appointed by the Knights of Pythias several days ago to take up the matter of securing the state home for the Widows and Orphans of the K. of P., is meeting with great encouragement. The members seem to have no doubt but that they can easily comply with the requirements of the state committee, which is to shortly open bids at Dayton, Ky., and it will then remain with that committee whether or not to locate the Home here or somewhere else.

The committee appointed by Paducah Lodge, K. of P., appointed a sub-committee consisting of Messrs. L. A. Lagomarsino and L. S. Gleaves to see the real estate and other local interests in regard to a site. As soon as the cheapest and most likely sites are learned, the committee will be in a position to take definite action on the \$3,000 bonus required by the city in which the Home is ultimately located.

The committee has already been tendered a site free of charge. The owner of the land is willing to give it to the Knights of Pythias on condition that the home is located on it. As the site is not very favorably located, however, the committee will hold a meeting today with local real estate men to ascertain what they can do. The location of the site offered free is not made public.

"I don't think there will be any trouble at all in getting the site, or the \$3,000 bonus, either," said a member of the committee today. "Of course even after we have done this, however, we are likely not to get the home on account of other cities being after it, and perhaps willing to give more to get it. We are going to do our best to land it, however."

A meeting of the entire committee is to be held tonight at Gleaves' store to discuss the matter as it now stands, and to receive a report from the sub-committee.

GOT COAT

THIEVES ENTER THE HOME OF
MR. JOE WASHINGTON.

Mr. Joe Washington, former member of the fire department, last night reported to the police that thieves secured his coat and vest about 6:20 o'clock. He went home, and taking them off a few moments, left them in the hall. When he returned a short time afterwards both coat and vest had been stolen. It is supposed some thief followed him, and as there was no clue the perpetrators were not discovered.

MR. CLIFF BURNETT IS BETTER

Mr. Van Burnett this morning received a letter from Mr. Cliff Burnett, who was recently hurt by a fall at Bourne, Tex. Mr. Burnett was not as badly hurt as expected and will be out in a few days.

The dead man had been running in these waters for some time, and was well known in Paducah, where he was often seen when the boat was here.

Sick Headache

is the result of arrested physiology of the stomach, liver or bowels, and is one of the first symptoms of constipation. Those who suffer with sick headache frequently resort to the use of headache powders, irritating cathartics, which, it is true, do relieve headache by dulling the sensations of the sympathetic nerves, but such medicines never remove the cause, and, to be candid, are really dangerous, death having been known to occur directly from their use.

Dr. Caldwell's Syrup Pepsin (A LAXATIVE)

taken as directed when there is no headache will prevent it and put the organs of digestion in such a perfect condition as to forestall the suffering which attends this common and distressing affection. Dr. Caldwell's Syrup Pepsin is a "corrective laxative" and not a "cathartic laxative." Throw away headache powders, pills and irritating purgatives. Buy a bottle of Dr. Caldwell's Syrup Pepsin to-day. It is pleasant to take and sure in effect.

MOTHERS, DO YOU KNOW

the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine? Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons? Do You Know that you should not take internally any medicine for the pain accompanying pregnancy? Do You Know that Mother's Friend is applied externally only? Do You Know that Mother's Friend is a celebrated prescription, and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradford Regulator Co.? Do You Know that when you use this remedy during the period of gestation that you will be free of pain and bear healthy, hearty and clever children? Well, these things are worth knowing. They are facts. Of druggists at \$1.00. Don't be persuaded to try a substitute. Our little book "Motherhood" free. THE BRADFORD REGULATOR CO., Atlanta, Ga.

CHILDISH PRATTLE

GREATLY AMUSED THE KING OF ENGLAND RECENTLY.

London, April 5.—Mr. and Mrs. George Kepple's youngest daughter was allowed to come in after dinner the other night when the king was dining at their house in Portman square, and she will probably not be allowed to do so again for some time to come.

The king was sitting smoking on a sofa with his legs crossed, enjoying one of the big cigars which he favors, when the infant bounded into the room. After looking at his majesty critically for a moment the child exclaimed in a reproachful way: "King, pull up your socks."

His majesty laughed long and heartily, but Mr. and Mrs. Kepple banded the child off to bed at once.

NEW SOUTH POLE

CAPT. SCOTT ACCOMPLISHES A GREAT FEAT.

London, April 5.—The success of Captain Scott of the British Antarctic steamer discovery now at Lyttelton, in going within 500 miles of the south pole, and bringing out his expedition in safety after an absence of two and a half years, with the loss of only a single life, calls out much congratulatory comment in the newspapers.

The captain's interesting narrative, which was cabled to the Associated Press and other details published have whetted the appetite of the scientists, who are eagerly awaiting further fuller information in regard to the results obtained. It is hardly anticipated, however, that much more will be given out until Captain Scott reports to the Royal Geographical Society.

AUDREE DEAD

HE AND HIS FOLLOWERS NOW DECLARED LEGALLY SO.

Stockholm, April 5.—The legal time having expired, Audree and his two henchmen on the fatal polar journey, Strindberg and Frankel have been declared officially dead.

Audree's mother and sister, who are still alive, informed the authorities that they had not given up hope of seeing the explorer again in the flesh. It is, however, the opinion of scientific men that Audree's balloon, though prepared to keep afloat one month, foundered within a week of the start, July 11, 1897.

A FAIR TRIAL IS ASKED FOR POWERS

Ministers at Chicago Send Resolutions to Governor.

They Say That They Are Certain Cal Powers Was Wrongfully Convicted.

UNITED MOVEMENT STARTED.

Chicago, April 5.—Resolutions requesting Gov. Beckham, of Kentucky, to interfere in the case of Caleb Powers, convicted and sentenced to die for the murder of the late Gov. Goebel, have been adopted at a meeting of evangelists and Christian workers conducting services here under the auspices of the Presbyterian church. The resolutions request Gov. Beckham to make use of the pardoning power, either setting Powers free or securing the convicted man a new trial.

The meeting was called by certain evangelists, whose sympathies had been aroused by acknowledging alleged conditions surrounding and causing the conviction of Caleb Powers. These men have friends who were present at every trial, and who say they are positive the man had a "political" hearing.

A committee has in charge the remitting of the resolutions to the Governor of Kentucky. Letters are being sent by the committee to the Governors of all the States and Territories in the Union requesting co-operation and formal remonstrance on the part of those officials. The chairman of the committee is Rev. W. E. Niederwolf. The secretary is Dr. W. A. Walton. Other men who signed both the resolutions which have been forwarded to Gov. Beckham and the letter which is being sent to other Governors are: Dr. John Robertson, Glasgow, Scotland; John H. Elliott, New York; Dr. J. Wilbur Chapman, New York; Harry Maxwell, Greencastle, Ind.; O. F. Pugh, Joliet, Ill.; Frank Dixon, Oakland, Cal.; D. S. Tor, Baltimore, Md.; and George A. Fisher, Kalamazoo, Mich.

All of these ministers are in Chicago now, most of them having been called here to participate in the "Evangelistic Campaign" which has been under way in the city for the last two weeks and is still in progress.

A DANDY FOR BURNS.

Dr. Hergin, Penn. Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are specially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1 bottle. Sold by DuBois, Kolb & Co., Paducah, Ky.

GAVE FINAL CHECK.

A check for \$13,229.03 has been turned over by Sheriff Lee Potter to the county treasurer in final settlement for what is due the county on taxes. Sheriff Potter is one of the most energetic and popular sheriffs the county ever had, and the amount he now turns in for final settlement is over \$2,000 more than the county expected.

BALLARD'S HOREHOUND SYRUP

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes, May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, \$1. Sold by DuBois, Kolb & Co.

PRISONERS TO BE TAKEN.

It is probable that the prisoners recently convicted at the special session of circuit court, will not be taken to the penitentiary until after the regular term now on. There are about a dozen of them, and Sheriff Potter desires to take them all at once.

ARRESTED ON BOND.

Will McClure, colored, indicted for malicious shooting, was arrested on a bench warrant by Deputy Sheriff Wm. Lydon yesterday, and locked up because he failed to give bond for his appearance at the present term of court.

BABY QUIRK'S QUICK CURE

Of Torturing Eczema by Cuticura

When All Else Had Utterly Failed.

"My baby, Owen Herbert Quirk, was afflicted from the age of six weeks with a loathsome running eczema, almost covering his face. I took him to Drs. — and — of Victoria Road, Aldershot, and he was treated by them for three months, but got much worse, and was a sickening sight to look at. I saw an advertisement of the Cuticura Remedies, and got the Soap, Ointment and Resolvent.

"We noticed an improvement at once, and within a fortnight the running had ceased and the scales were nearly all dried off, and in a month his face was perfectly clear, not a spot left. I have enclosed photograph of him when he was thirteen months old. He is now two years and four months, and has never had the slightest return of it. I am very grateful for the benefits derived from your remedies, and shall feel it a pleasure to make their value known. For corroboration of this statement you may refer any one to Mrs. Williams, 45 Michaels Road, Aldershot, or Mr. Gunstone, 40 Victoria Road, Aldershot, to whom we recommended the remedies for a skin humor, which they also cured. You are at liberty to do what you like with this statement, as I should like all to know of the value of Cuticura."

Theatrical Notes.

Dr. Herbert L. Flint, the hypnotist, was greeted last night at the Kentucky theater by a large and well pleased audience. Dr. Flint last season by his clever and wonderful exhibition made a fine impression in Paducah, and returns to duplicate his success of last year. His exhibition last night presented hypnotism in both a novel and amusing manner. The seventeen or eighteen subjects were made to believe many things, to chase canary birds through the audience, to imagine they were skirt dancers, and to do many other things which kept the audience in an uproar. Dr. Flint ranks at the top among hypnotists, and every year during the many years he has been giving these public exhibitions he has something new to offer. He will no doubt have large audiences every night this week. His wife is ill and not with him at present.

The famous Bostonians will be at The Kentucky Friday night at the head of which renowned organization are Henry Clay Barnabee and William H. The engagement here will be with the opera of Robin Hood. The cast complete includes: Henry Clay Barnabee, William H. MacDonald, Douglas Ruthven, Harold Chambers, George Frothingham, Geo. Fisher, Harry Dale, Joseph M. Ratliff, James E. Miller, Agnes Brown, Kate Condon, Gertrude Zimmer, Blanche Morrison, Laura Oakley, Bertha Lovejoy and Antionetta Martin. S. R. THE WEATHER.

THE ENTERPRISING UNDERWRITER.

Many cities are now feeling the iron hand of the insurance underwriter. He may be a hold-up man who levels his pistol at the public and says "stand and deliver" but he is there with the goods and it is suicide to refuse. As a matter of fact, however, the insurance business is one of the most hazardous on earth. Insurance companies are about as unfortunate in many ways as railroads and similar corporations. If they don't pay the oftentimes exorbitant claims of policy holders, they have to go into the courts. Every suit brought against an insurance company has a tendency to impair its business, in the first place, and the company stands very little show before a jury. In the second place, many of the able citizens who usually serve on a jury are taught to think—if they did not think that way to begin with—that an insurance company was created only to be "gonged." So whatever the poor policy holder asks for, he usually gets.

"I wouldn't own stock in an insurance company, no matter how much money I had," declared a prominent local agent the other day. "As an instance of how these companies have to put up with the lax methods practiced in many cities," he continued, "right here in Paducah recently there was a small fire on which the companies had to pay a \$3,000 loss. I was there, and know what I am talking about when I say that the loss ought not have been \$200. There were not men enough in the nearest fire department to properly handle the hose, and they had to wait for the other department. In the meantime the fire was burning and the loss of time cost us \$1,800 in less than fifteen minutes. Yet some of the city officials say the demand for a larger department is unreasonable."

The big fires in some of the larger cities, however, were one of the most powerful agencies in arousing the insurance companies. In scores of cities there are now inspectors at work who will report on the fire protection. Where it is deemed inadequate, a demand will be made for better facilities. If the demand is ignored, as it was for two years in Paducah, insurance rates will go up, and the addition-

tional cost to property owners usually causes something to drop in official circles, as it did in Paducah. An expert is now at work in Chicago, and although the fire chief is inclined to resent it, and has declared he "would be dictated to by no board of underwriters," the minute rates are raised there will be a simultaneous howl from property owners that will likely change the fire chief's tune.

All this probably indicates that the result will be beneficial, as a whole, to the people. It is true it will cost cities more money, because they will have to increase their fire departments and improve the equipment, but it will compel them to provide adequate fire protection, which is their duty to the taxpayers, or to spend possibly still more money as in the case of Paducah in increased insurance rates.

GIVE US HARMONY.

It might be suggested to some of the well-meaning Republicans and Republican papers in the state, that Republican victories are not won, and Republican efforts not benefited, by petty squabbles among Republicans. The Democratic party might be held up as a bright and shining example of what happens when inferior, selfish men lose sight of the principles of their party in their foolish effort to put themselves above the interest of their party.

What the Republicans in the city, county, district and state want is peace and harmony, not strife. It is time to relegate all disorganizers, soreheads and trouble-breeders to the rear. The Republicans—loyal Republicans, to be more exact—consider their party above any man or set of men, and only the best and most trustworthy men should be, or be placed, in control of the party. This, of all times, is not for the election or appointment of men who are trying to disorganize and create discord. A presidential election is almost upon us. While there is a reasonable certainty of Republican success at the polls, there is no use in being too certain, and at any rate it will do no good to disrupt the party on the eve of an important election. It is time for Republicans to dispense with the disturbers in the party.

It is very kind in Mr. Carnegie, we are sure, but he will probably be able to spend that money for libraries. It will not be necessary to have any large amount of money for the coming Republican campaign. All this talk about Wall Street sharks fighting President Roosevelt is a bluff, or a Democratic campaign fake. Wall Street may not like President Roosevelt's fearless methods, but it knows what kind of a deal it would get from the Socialist-Folkish Democrats if they ever got in power.

Breathitt county is doubtless large enough, but there is no use in bringing the whole state again into dispute and trying to damn a whole county over one young barbarian's mad deed. After all, possibly the natives of Breathitt have themselves solved the problem of the best way to get rid of their bad characters.

A Connecticut man carried a knife blade in his brain for twenty years, but you could drop a crow bar in some of those Yankee's craniums without touching bottom.

Mexican bandits raided a Mormon colony and carried off three of an elder's wives. The reports do not state whether or not the elder has yet missed them.

One thing is very evident about the war in the far east. Russia will continue to get the worst of it as long as the enterprising Japanese press agents hold out.

The Filipino at the World's Fair must do without doggie for dinner, as the humane society has decided that a canine repast is grossly improper.

LIVELY RUNAWAY

IOE WAGON TURNS OVER ON A MULE.

One of the Robertson Ice Co. teams ran away with an ice wagon this morning, starting at the ice factory at First and Broadway and stopping on North Third street. One mule got under the wagon in some way and it was at first thought he was dead, but later the mule was revived and proved to be only skinned and bruised. The mule was taken out of harness and will be left to mend during the next few weeks. The wagon escaped with slight damages. The driver was not in his seat when the mules started and no one succeeded in stopping the frightened animals until the wagon was turned over on one.

SIDE LIGHTS ON THE CITY COUNCIL BOARD

Wants the Only Meat Really Inspected, Inspected Over.

Ordinance Will Suit the Packing Men

—Another Humane Law

Wanted.

MANAGER ROPER IS LEARNING

The man who once said that there was "nothing now under the sun," must have lived before the time of Paducah's present city council. The board is about the greatest side show extant. There are always now spots of verlaney breaking out in it. Last night it was suggested that an ordinance be brought in requiring Armour & Co. and others who bring beef to Paducah to notify the inspector so he can inspect it. This is the only way to secure an inspection, provided the inspector does his duty after being notified, but such an ordinance would be unconstitutional, unless it applied to all alike. The idea is very amusing to the packing men of Paducah. The meat brought in by the farmers and that killed by the butchers is most of the time never inspected either before killed or after. The inspector seldom sees it, and no body knows what he is buying, nor how it came to its death.

"What the city needs," said a prominent representative of the local packing plant today, "is an ordinance that will make it a penalty for any person or concern to sell a single piece of meat that has not first been inspected and stamped. In this way it will be necessary for the seller to have it inspected and not leave it to the discretion of the inspector whether or not he will make an inspection. We do not object to inspections, as our meat stands the most right inspection before it leaves Chicago. The inspector need to come down to our plant once in a while here. Now he never comes at all. This is no way to inspect meat. It must be inspected every day, and every piece sold should be inspected."

"As to us, we would be tickled to death if the council would pass an ordinance requiring our meats inspected, for then they would have to require an inspection also of the often impossible stuff brought to the city, and sold on the market to people who have no protection. Our meats are inspected three times in Chicago, once by the government inspector, once by the state inspector and once by the local inspector, each one affixing his stamp. Every beef or other animal slaughtered is inspected beforehand, and twice afterwards. I defy any person to take a piece of beef after slaughtered and cut up, and tell whether or not it was diseased. That's where the people here have no protection. Every car load of beef that leaves Chicago is inspected and sealed by a government inspector. Sometimes we sell enough meat here to keep one man busy all day long inspecting it alone. The city, if it had such an ordinance, would often have to assign a special inspector to our plant. We are very glad, however, to see such a law proposed. It will require every person selling meat to have it first inspected, and if it is aimed at us, it will be the most pleasing thing that they could do for us."

The point is that the meat brought here by these packing companies, or from the headquarters of these packing companies, against which the proposed new law is to be directed, is the only meat sold in Paducah that is really inspected, and yet the bright minds in the council are trying to have it inspected over again here, after it has been approved by three competent inspectors elsewhere, and not worrying over the meat that is never inspected at all.

Another bright order made by the council last night was one to bring in an ordinance to protect dumb brutes, a humane ordinance, in other words. This has set the police to laughing, for there is already an ordinance imposing a fine for cruelty to animals, as well as a state law, and fines are frequently assessed in the police court for such offenses. But these seem to be among the many things the council does not know. The council wants another ordinance and will doubtless pass it, regardless of how many more there may already be. What is needed most is an enforcement of the pres-

Dr. Thacher's LIVER & BLOOD SYRUP CURES

A MISERY TO HIMSELF.

Rome, Ga., Aug. 31, 1902.
Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"For some time I have suffered from torpid liver. I became so tired and weak that I felt hardly able to walk about and drag one foot after the other. My head bothered me terribly with a dull aching and frequently would result in spells of dizziness. My whole body would get so tired that I was a misery to myself."

"I took two bottles of Dr. Thacher's Liver and Blood Syrup and now feel like a new man, fresh and O. K. for business. My wife and I think there is no medicine like it."

Yours truly,
W. M. HUNT.

Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"My family and I have been taking Dr. Thacher's Liver and Blood Syrup for six weeks according to directions, and declare it to be the best liver medicine in the world. I have been suffering four years with indigestion, dyspepsia and piles, but now I am cured, and I feel better than I have done in ten years. I would not be without it in my house for anything, and hope it will find the way into the homes of all suffering humanity."

Yours truly, W. O. NALL.

Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"I wish to say that four years ago I had yellow jaundice, and have been bothered ever since with an inactive liver. I have tried all sorts of medicines for it, and have never had anything to relieve me as Dr. Thacher's Liver and Blood Syrup does. Dr. W. P. Friddell recommends it for liver trouble, and I bought the first bottle I ever used from him. Dr. Friddell is our family physician and very popular in and around Whitesburg, Ga. I think Dr. Thacher's Liver and Blood Syrup is the greatest medicine known to me for liver trouble."

ent laws regarding cruelty to animals.

The council is falling into the habit of passing ordinances one month and finding out that they are wrong the next. For instance, it passed, and the board of aldermen passed, without any of the members once paying enough attention to see the mistake, an ordinance requiring the establishment of an automatic gate at 12th and Norton streets. It meant 11th and Norton streets, but they didn't know it, and now have to repeal the ordinance and pass another one, which the aldermen will also have to pass, requiring possibly several weeks more.

It will no doubt be pleasing news to Manager E. A. Roper, of the Western Union, to learn that his request for permission to connect his private fire alarm system with the city alarm system has been "referred." Manager Roper is a newcomer and probably has not been here long enough to understand what "referred" means in local municipal circles, but he will find out in the course of a few months, by which time the wise heads in the two bodies may be able to grasp just what Manager Roper wants and whether or not they want him to have it. Men of ordinary intelligence could decide the question in five minutes, but Manager Roper may have to wait several months.

SMALL DAMAGE

AT THE SHELTON FOUNDRY FROM FIRE THIS MORNING.

This morning at 12:15 o'clock the fire department was called to the Shelton foundry to extinguish a small blaze in the boiler rooms.

The fire was discovered by the Lack Singletree factory watchman and a telephone message brought the fire department to the scene in a few minutes. The Central stationmen made twenty dollars, and relieved several passengers of small amounts. The robbers escaped.

Mr. and Mrs. John Grayot, of Smithland, are in the city, en route to Marion, where Mr. Grayot will attend court.

Gentlemen—"My wife has suffered with liver troubles, loss of appetite, weakness and general female disorders for the past season. Three physicians did her very little good, if any. We tried all kinds of medicines in vain, until we got your Liver and Blood Syrup. After using two bottles she began to improve, and is today in better health than ever since we were married. Gentlemen—I am satisfied that Dr. Thacher's Liver and Blood Syrup is the finest medicine on the market for a sluggish and disordered liver, and for toning and building up the system which has become run down, overworked. My liver has been troubling me and on for over three years and I have found health and happiness in its use. I have several other remedies besides your medicine but found none as effective, and eight bottles cured me completely, cleansing the liver and toning up the system until I felt well and strong and younger than I had for years. Your medicine is certainly true and deserves all the kind things friends say about it. Yours very truly,

SCHOOL BOARD

Regular Monthly Meeting Will be Held This Evening.

Superintendent of Buildings May be Elected at the Session Tonight.

The regular meeting of the Board of Education will be held this evening at the High School Building on West Broadway, but there is little business of importance to come up. A building superintendent to succeed Mr. Fred Hoyer will be elected if it is decided to retain the office. There are two candidates, Messrs. A. M. Dorrington and James Flournoy. Mr. Tobo Owen, previously mentioned, is not a candidate. It is likely that the school committee will be able to get the Kentucky theater on the dates they desire to hold the commencements, June 10th and 11th. Some changes in rules will come up this evening for consideration, but no forecast has been made of changes to be adopted.

RIVER FALLING

THE INDICATIONS ARE THAT THE DECLINE WILL BE COME RAPID.

The river here came to a stand last night and this morning early began falling. It is believed that the decline will become rapid in a day or two, as the rivers above are all falling. The stage reached here was about what most of the river men predicted, and another rise of such proportions is not expected this season. The damage has been comparatively light.

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moles, patches, brown spots, liver marks, comedones, flesh-worms, black-heads, oiliness, sallowness, and all the skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer scurfiness. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent results. Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a trial jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my new Special Directions, my book, "How to BE BEAUTIFUL,"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive articles absolutely free.

Too Great a Risk.
An insurance agent called at the house of a newly married couple and during the conversation urged the husband to take out a policy, but when he heard the fair young wife say to her husband, "Yes, do so, Charlie, and I'll bake you some nice pastry for your supper," he stood a moment, as if considering the risks, and then he closed his book and fled.

How to Copy Mission Furniture.
A clever imitation of the popular Mission furniture designs may be obtained by a dull green stain applied carefully to old splint-bottomed chairs and settees. Any person who is skillful with the saw and hammer can easily produce old little tables or hook stands, their square shaping being very easy of execution. Oxidized gilt or silver nails give the necessary finishing touch.

Baking Powder

Makes the food more wholesome, and more nutritious to both brain and muscle.

I have given the Training Table to the Cornell University for five years very satisfactorily, and am certain that much of the success has depended upon the quality of articles used. I have occasionally given others a trial, and have demonstrated to my satisfaction that there is but one always reliable, always making perfect, delicious and wholesome food, — The Old Reliable "Royal."

SATISFIED

THE SURGEON'S ASSISTANT IN A DANGEROUS CASE.

The surgeon who is attending a dangerous case praises the food that helped his little patient.

"I have a story to tell about what Grape Nuts did and is still doing for my child, a story marvelous indeed which seems almost incredible but which is an absolute fact.

"Two years ago in March my little four year old daughter was stricken down with Tuberculosis of the right hip joint. We put her in charge of a specialist for treatment. He told us that our only hope of saving her hip and perhaps life in addition to his surgical treatment was to build up her system with good nourishing food to make good rich blood, bone, muscle and at which in time would cure the disease by absorption.

"This sounded easy but proved difficult case to treat as there were so many foods recommended that did not agree with her or that she did not like and therefore would not eat.

"For a year and a half she barely held her own until Grape Nuts was tried which she liked from the first and in two months gained two pounds in weight where during the 18 months preceding she had lost weight.

"Now notwithstanding she is also just recovering from a severe attack of the whooping cough which she has had for the last three months, she has gained steadily in weight, is growing up and her entire recovery is promising and hopeful and we are confident of complete success.

"Our surgeons are delighted with the rapid improvement she is making and both he and ourselves are more than thankful that we tried Grape Nuts."

The writer of this letter is the Pastor of a church at Warrensville, Ohio. Name given by Postum Co., Battle Creek, Mich.

Thousands of physicians now prescribe Grape Nuts food in all cases where strength is expected from food.

PUBLIC WORKS

The Board held a Session Last Night at the City Hall.

The Board of Public Works held a meeting last night but did nothing of importance. There are a number of matters the members have under advisement, one of which is street sprinkling and sweeping. It is not known yet whether the sweeping of the brick streets will be done by the city, as at present, or let by contract.

It is understood that the board takes the position that all pavements in Paducah must be uniform in material, and will endeavor to have passed an ordinance to this effect. It seems members of the legislative boards do not take such a view as that, and claim that the city can order sidewalks of any kind of material it wants, just as it can streets, and just as every other city in the state does. It is probable the legislative boards will decline to pass the ordinance, as it may be desired to have all the pavements in the business and fashionable portions of the city of concrete, or something as good, while the people of the outlying districts will be glad to get any kind of pavements, and should not be expected, to have to put concrete pavements in front of their property.

From indications the board of public works will not succeed in saddling any such ordinance on the people of Paducah without a lively fight in the legislative boards.

The World's Cheapest Postage. The Straits Settlements has the cheapest postage in the world. Post cards available in the colony and to the Federated Malay States are sold at one-fifth of a penny each; the letter rate of postage throughout the same area is slightly over a halfpenny. The postage on letters to any place (with very few exceptions) in the British empire is four-fifths of a penny per 1/2 ounce.—London Tit Bits

Wanted.—An Occupation. When they asked Highland Vanderbilt his occupation he replied, "Gentleman." When they asked the same question of Harry Payne Whitney he answered: "I don't know what came to give to that." Perhaps Col. Warton could be induced to take an hour or two off to coin a word that will fittingly describe the moneyed leisure class of this great nation?

Yankee Chinaman. Capt. Gordon Casserly, of the English army, in his book on "The Land of the Bakers," records his surprise at meeting in a Chinese city a pig-tailed individual who addressed him in fluent English with a Yankee twang. "Do you live in Samchun?" I asked him, in surprise. "Not much, you bet," he replied; "I don't belong to this damned country any more. I live in 'Frisco."

Various Lungs. Three human lungs lie next one another in the anatomical museum at Edinburgh university. The first is that of an Eskimo and is snow-white. In life this would, of course, be ruddy from the presence of blood. The third is that of a coal miner and is coal black. The intermediate one is that of a town dweller and is a dirty slate-gray, as are the lungs of all dwellers in cities at this moment.

Electrical Currents. It is said by the Electrician that low-tension electrical currents say under 120 volts, are more deadly than those having ten times the voltage. Dr. Bertell and Prof. Prevost have made the remarkable discovery that high-tension currents are capable of restoring the action of a heart that has been arrested by a low-tension current.

The next day the town was in confusion, both Europeans and natives rushing to see them. Money and different kinds of presents were given them. The Evil Communication. First Henpecked Husband—Well, eh, I've been gone and done it. My wife wouldn't give me the latch key again this morning, so I took it by force—by force, do you hear me? Second Ditto (admiringly)—Say, old man, for heaven's sake don't let me hear you hear that. She'll never let me go out with you again.

Ignorant Father-in-Law. "Didn't the start at once on their wedding journey?" "No. There was a mistake about the railway tickets." "What sort of a mistake?" "Why, it seems that her father didn't understand that the bridegroom expected him to pay for them."—Cleveland Plain Dealer.

MADE CONFESSION

MURDERER TELLS WHY HE KILLED THE MAIL AGENT.

Meridian, Miss., April 5—James P. Paris, convicted murderer of Mail Clerk John T. Stockton, has made a full confession, foretelling his certain doom. It follows:

"Meridian, Miss., March 31, 1904 8:45 p. m.

"Sunday night it jumped into my mind all of a sudden and it was not on my mind before then. When the train pulled up I got on this train and went down to the crossing and got off at the crossing and got in the mail car and did this crime. Jumped off the train after I had this and got my foot out. Then I went to this colored man's house, crawled over there for the protection of my wound till the next morning, and the officers came before the back I had sent for came. They arrested me and brought me to jail. I denied the fact then. I have confessed the truth of this matter, hoping God will forgive me for this deed I have done. I never had such a thing in my heart before. As it is now, I have got to be hung for my own deed, that I have did. It is too late now for me to lie. The truth must come. Also, don't bother any one else for this crime for the right man is to be hung for this crime. Now I hope the world will agree with me in my true confession in this world, as I have but a short time to live, that their prayers also be for me and let them be none the less for the deed I have done. Although I am sorry, yet I know that the devil gets in the heart of all good men, causing them to do things that their hearts will afterwards ache for. I made a full confession of everything to Mr. L. P. Brown some days ago whilst he was reading and praying with me, and in his talk he showed me in the Bible where that no man could enter heaven unless confession was made to both God and man; therefore, I considered the matter over and knew I had to die. I told him I did do the crime and was sorry in my heart for it and he said 'amen' and I told him I felt better for having confessed. I now, tonight, make this statement in the presence of Mr. J. K. Temple, sheriff; J. W. Stillwell, jailer; L. P. Brown and L. P. Brown, Jr. (Signed) 'J. P. PARIS.' The execution will take place at Meridian jail April 25.

MR. CARNEGIE FOR PRES. ROOSEVELT

Says He Will Put Up Money, if Necessary.

Secure the Idea That Wall Street Will Oppose the President.

WILL PUT UP A MILLION.

Washington, April 5—Andrew Carnegie has sent word to President Roosevelt that he need not worry over the rumors that the moneyed interests of Wall street are not disposed to chip in to the Republican campaign fund. The founder of libraries says he stands ready to contribute any reasonable sum up to \$1,000,000, if necessary, to offset any defections by the rich Wall street men.

Mr. Carnegie was recently disowning the attitude of certain Wall street interests toward Mr. Roosevelt. He said he failed to see any sense or justice in their course. Then he was told that these men were threatening to shut off the sinews of war for the forthcoming campaign. Mr. Carnegie lifted his eyebrows and remarked that if there happened to be any need for funds to call upon him.

"We will see that there is plenty of money for the proper conduct of the campaign," he said. "If there is a conspiracy of rich men to defeat him, or hamper his campaign, we will see that it does not succeed."

Mr. Carnegie has a high regard for the president, not only as a man, but as a president. His course in the Northern securities merger case was especially pleasing to Mr. Carnegie, who holds that Roosevelt's firm stand just at that time saved the entire country from a tremendous speculative crisis.

"Such a president should not be beaten by the use of money," he said, "and will not be if I can avert it. When you need funds come to me."

He made it plain that he could be counted upon for \$300,000 or even \$1,000,000 if the exigencies of the case demanded it.

GRAND SALE OF LOTS.

The Northview Realty and Improvement company has about 70 lots on 11th and 12th streets, in Paducah, Ky., which it will offer for PUBLIC SALE most reasonable terms, in JUNE NEXT, unless sold before that time. These lots are situated in Paducah, Ky., and lie between Rottinger's farm and the city.

The streets have been lately gravelled. The lots have beautiful shade trees on them, and lie high above the streets.

An ordinance has been adopted to extend 12th street on beyond this property to Rowlandtown, and the street car company will extend its line from Trimble street on down 12th street by this property to Rowlandtown.

This property is certainly most attractive and desirable, and will soon be built up. There are no lots in the suburbs of Paducah more desirable for homes. The adjacent property is being rapidly improved, many houses having been erected recently. For particulars apply to W. D. Greer, General Manager, Paducah, Ky., March 15, 1904.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1903, by McClure, Phillips & Co.

But far eastward on the pike there slowly developed a soft, white haze. It grew denser and larger and gradually rolled nearer. Dimly behind it could be discerned a darker, moving mass that extended far back upon the road.

A heavy tremor began to stir the air; faint, manifold sounds, a waxing, increasing, multitudinous murmur.

The pike ascended a long, slight slope leading west up to the Crossroads. From a thicket of ironwood at the foot of this slope was thrust the visage of an undersized girl of fourteen. Her three eyes examined the approaching cloud of dust intently. A redness rose under the burnt yellow skin and colored the wizened cheeks.

They were coming. She stepped quickly out of the tangle and darted up the road. She ran with the speed of a fleet little terrier, not opening her lips, not calling out, but holding her two thin hands high above her head; that was all. But lightning wood was come to lightning at last, and the messenger sped. Out of the weeds in the corner of the snake fence, in the upper part of the rise, silently lifted the heads of men whose salowness became a sickish white as the child flew by.

The mob was carefully organized. They had taken their time and had prepared everything deliberately, knowing that nothing could stop them. No one had any thought of concealment; it was all as open as the light of day, all done in the broad sunshine. Nothing had been determined as to what was to be done at the Crossroads more definite than that the place was to be wiped out. That was comprehensive enough; the details were quite certain to occur. They were all on foot, marching in fairly regular ranks. In front walked Mr. Watts, the man thick-lipped and balding in a public spirit and befriended in private. Today he was a hero and a leader, marching to avenge his professional oppressor and personal brother. Cool, unflinching and to outward vision unmoved, marching the miles in his brown frock coat and general linen, he led the way. On one side of him were the two Howlers, on the other was Lige Willetts, Mr. Watts' preserving partner between the young men with perfect tact and sure "fold."

They kept good order and a small-tide of quiet for so many except far to the rear, where old Willetts was bringing up the tail of the procession, dragging a wretched yellow dog by a rope fastened around the poor cur's protesting neck, the knot carefully arranged under his right ear. In spite of every command and protest Willetts had marched the whole way unopposedly slugging "John Brown's Body."

The sun was in the west when they came in sight of the Crossroads, and the embank on the low slope stood out angularly against the radiance beyond. As they beheld the hated settlement of the heretofore orderly ranks showed a disposition to depart from the steady advance and rush the shanties. Willetts, the Howlers, Parker, Ross Schofield and a dozen others did, in fact, break away and set a sharp pace up the slope.

Watts tried to call them back. "What's the use your gettin' killed?" he shouted.

"Why not?" answered Lige, and, like the others, was increasing his speed when old "Wimby" rose up suddenly from the roadside ahead of them and motioned them frantically to go back. "They're laid out along the fence waitin' fer ye," he warned them. "Git out the road. Come by the fields. For the Lord's sake, spread!" Then as suddenly as he had appeared he dropped down into the weeds again. Lige and those with him paused, and the whole body came to a halt while the leaders consulted. There was a sound of metallic clinking and a thin rattle of steel. From far to the rear came the voice of old Willetts:

"John Brown's body lies a-moldering in the ground."

A few near him as they stood waiting began to take up the burden of the song, singing it in slow time like a dirge. Then those farther away took it up. It spread, reached the leaders. They, too, began to sing, taking off their hats as they joined in, and soon the whole concourse, solemn, earnest, unmoved, was singing—a thunderous requiem for John Harless.

The sun was swinging lower, and the edges of the world were embroidered with gold, while that deep volume of sound sang the air, the song of a storm, a surge, just cause—sung perhaps as some of the investors of these men sang with Hammond before the brilliant walls of a hostile city. It had from and steel in it. The men lying on their guns in the ambuscade along the fence heard the dirge rise and grow to its mighty fullness, and they shivered. One of them, posted nearest the advance, had his rifle carefully leveled at Lige Willetts, a fair target in the road. When he heard the singing he turned to the man next behind him and laughed harshly. "I reckon we'll see a big jammore other side Jordan tonight, huh?"

The huge murmur of the chorus expanded and gathered in rhythmic

strength and swelled to power and rolled and thundered across the plain. "John Brown's body lies a-moldering in the ground."

John Brown's body lies a-moldering in the ground.

John Brown's body lies a-moldering in the ground.

His soul goes marching on!

Glory, glory, hallelujah!

Glory, glory, hallelujah!

His soul goes marching on!

A gun spat fire from the higher ground, and Willetts dropped where he stood, but was up again in a second, with a red line across his forehead where the ball had grazed his temple. The mob spread out like a fan, the men climbing the fence and beginning the advance through the fields, thus closing on the ambuscade from both sides. Mr. Watts, vaulting through the high grass in the field north of the road, perceived the barrel of a gun slanting from the fence some distance in front of him and the same second, although no weapon was seen in his hand, discharged a revolver at the clump of grass and weeds behind the gun. Instantly ten or twelve men leaped from their hiding places along the fences of both fields and, firing hurriedly and busily, the oncoming mob, broke for the shelter of the houses, where their fellows were posted. Taken on the flanks and from the rear, there was but one thing for them to do to keep from being hemmed in and shot or captured. They excessively preferred being shot. With a wild, high, joyous yell, sounding like the bay of young hounds breaking into view of their quarry, the Plattville men followed.

The most eastward of the debilitated edifices of Six Crossroads was the saloon. It bore the painted legends, on the west wall, "Last Chance" on the east wall, "First Chance." Next to this and separated by two or three acres of weedy vacancy from the corner, where the population centered thickest, stood—if one may so predicate of a building which leaned in seven directions—the house of Mr. Robert Skillet, the proprietor of the saloon. Both buildings were shut up as tight as their state of repair permitted. As they were farthest to the east, they formed the nearest shelter, and to them the Crossroads bent their flight, though they stopped not here, but disappeared behind Skillet's shanty, putting it between them and their pursuers, who were beginning to speak. The fugitives had a good start, and being the picked runners of the Crossroads, they crossed the open, weedy acres in safety and unde for their homes. Every house had become a fort, and the defenders would have to be fought and torn out one by one. As the guns sounded a woman in a shanty near the forge began to scream and kept on screaming.

On came the farmers and the men of Plattville. They took the saloon at a run, battered down the crazy doors with a fence rail and swarmed inside like busy insects, making the place hum like a hive, but with the hotter industries of destruction. It was empty of life as a tomb, but they bent and tore and battered and broke and hammered and shattered like madmen; they reduced the tawdry interior to a mere elms and came pouring forth laden with trophies of ruin, and then there was a sharp smell in the air, and a slender feather of smoke floated up from a second story window.

At the same time Watts led an assault on the adjoining house, an assault which came to a sudden pause, for from cracks in the front wall a squirrel rifle and a shotgun snipped and banged, and the crowd fell back in disorder. Homer Tibbs had a hat blown away, full of bullet holes, while Mr. Watts soliloquially examined a small

aperture in the skirts of his brown coat. The house commanded the road, and the rush of the mob into the village was checked, but only for the instant.

A rickety woodshed which formed a portion of the Skillet mansion closely joined the "Last Chance" side of the family place of business. Scarcely had the guns of the defenders sounded

when, with a loud shout, Lige Willetts leaped from an upper window on that side of the burning saloon and landed on the wooden roof of the mansion itself, applied a brand to the dry, fine worn clapboards. Ross Schofield dropped on the wooden floor behind him, his arm lovingly infolding a gallon jug of whisky, which he emptied (not without evident regret) upon the clapboards as Lige fired them. Flames burst forth instantly, and the smoke, uniting with that now rolling out of every window of the saloon, went up to heaven in a cumulous, gray column.

As the flames began to spread there was a rapid fusillade from the rear of the house, and a hundred men and more, who had kept on through the fields to the north, assailed it from behind. Their shots passed clear through the flimsy partitions, and there was a screaming like beasts' howls from within. The front door was thrown open, and a lean, fierce-eyed girl, with a case knife in her hand, ran out in the face of the mob. At sound of the shots in the rear they had begun to advance on the house a second time, and Hartley Howler was the nearest man to the girl. With awful words and shrieking inconceivably she made straight at Hartley and attacked him with the knife. She struck at him again and again, and in her anguish of hate and fear she was so extraordinarily a spectacle that she gained for her companions the seconds they needed to escape from the house. As she hurled herself alone at the oncoming torrent they sped from the door unnoted, sprang over the fence and reached the open lots to the west before they were seen by Willetts from the roof.

"Don't let 'em fool you!" he shouted. "Look to your left! There they go! Don't let 'em get away!"

The Crossroads were running across the field. They were Hot Skillet and his younger brother, and Mr. Skillet was badly damaged. He seemed to be holding his jaw on his face with both hands. The girl turned and sped after them. She was over the fence almost as soon as they were, and the three ran in single file, the girl last. She was clattering magnificently sacrificed and fearless or she cunningly calculated that the regulators would take no chances of killing a woman-child, for she kept between their guns and her two companions, trying to cover and shield the latter with her frail body.

"Shoot, Lige," called Watts. "If we fire from here we'll hit the girl. Shoot!"

Willetts and Ross Schofield were still standing on the roof at the edge out of the smoke, and both fired at the same time. The fugitives did not turn. They kept on running, and they had nearly reached the other side of the field when suddenly, without any preliminary gesture, the elder Skillet dropped flat on his face. The Crossroads stood by each other that day, for four or five men ran out of the nearest shanty into the open, lifted the prostrate figure from the ground and began to carry it back with them. But Skillet was alive. His curses were heard above all other sounds. Lige and Schofield fired again, and one of the rescuers staggered. Nevertheless as the two men slid down from the roof the hurled Crossroads were seen to break into a run, and at that, with another yell, fiercer, wilder, more joyous than the first, the Plattville men followed.

The yell rang loudly in the ears of old Willetts, who had remained back in the road, and at the same instant he heard another shout behind him. He had not shared in the attack; but, greatly preoccupied with his own historic affairs, was proceeding alone up the pike, except for the unhappy yellow mongrel still dragged along by the rope, and alternating, as was his natural wont, from one fence to the other, crouching behind every bush, throwing an imaginary rifle at the dog and then springing out with triumphant howlings to fall prone upon the terrified animal. It was after one of these victories that a shout of warning was raised behind him, and Mr. Willetts, by grace of the god Hecates, rolling out of the way in time to save his life, saw a horse dash by him, a big, black horse whose polished flanks were dripping with father. Warren Smith was the rider. He was waving a slip of yellow paper high in the air.

He rode up the slope and drew rein beyond the burning buildings just ahead of those foremost in the pursuit. He threw his horse across the road to oppose their progress, rose in his stirrups and waved the paper over his head. "Stop!" he roared. "Give me one minute! Stop!" He had a grand voice, and he was known in many parts of the state for the great bass roar with which he startled his juries. To be heard at a distance most men lift the pitch of their voice. Smith lowered his an octave or two, and the result was like an earthquake playing an organ in a catacomb.

"Stop!" he thundered. "Stop!" In answer one of the flying Crossroads turned and sent a bullet whistling close to him. The lawyer paused long enough to how deeply in entreaty response; then, flourishing the paper, he roared again: "Stop! A mistake! I have news! Stop, I say! Horner has got them!"

SCHOOL BOARD MEETS TONIGHT

The grades of public school pupils have been audited and in the high school the grades ran very high.

The grades of the graduating class have been carefully audited and it was announced this morning before the entire class that Mr. Vaughan Dabney, the salutatorian of the class had achieved the highest honors in the best average for the seven months, his grade being 96.33-35. The next highest grade was made by Miss Elsie Hoeswischer whose grade was 96.97-120. The next highest grade was made by Miss Lillie Sutherland who made a grade of 96.19-29.

The pennant was given to Mr. Vaughan Dabney for the highest grade and comes in the shape of a blue flag with white letters labeled. This pennant was given by Mr. Ben Weille, former member of the board for the highest average. He also gave a red pennant to the pupils securing the highest honors, and this went to Miss Phillip Hughes.

Yesterday afternoon the election of an honor pupil was held in the 10th grade, that of Spade receiver. The Spade bearer for the 11th grade is Mr. Warren Sights and his duty is to hand down the spade, the implement of toil, to the Spade receiver of the 10th grade. Mr. William Bell was elected to the honor in the 10th grade.

The school board will meet tonight in regular session and the results of the averaging of grades and the successful students this term will be announced. The board will then further outline work for the graduating class. Nothing of unusual interest or importance is expected to come up.

Mr. Warren Sights who was yesterday elected to the office of spade in the eleventh grade, declined the honor and this afternoon a successor to Mr. Vaughan Dabney, who has to give up the spade on account of capturing the second class honors, will be elected.

Yesterday afternoon thirty two pupils, the physics class, of the Paducah High school, visited the Sun office to get a practical knowledge and idea of an up to date printing establishment. Prof. Payne, principal of the school accompanied the class.

THE CLERK LICENSE IS CONSTITUTIONAL

License Ordinance Upheld Today by Circuit Judge Reed.

He Holds That Merchants May Be Compelled to Pay On Number of Clerks.

WAS CONTESTED BY MERCHANTS

Circuit Judge W. M. Reed announced this morning in circuit court that in the case of Rhodes-Burford & Co., ex parte petition, he would decide the city license ordinance valid. His written opinion will be filed this afternoon.

The suit was filed to have him pass on the constitutionality of the city license ordinance, and he sustains the opinion of Judge D. L. Sanders in the police court, who held the law constitutional. The trouble over the license started several months ago, when the city passed an ordinance making some new provisions in regard to licenses to be paid by retail merchants. It was decided that merchants should all pay at least \$10 a year license, and \$2 additional for every additional clerk they had over two. In this way the small merchant with two clerks would have to pay only \$10 a year, while the rich merchant who did a big business and had to employ from half a dozen to twenty or more clerks to handle it, would have to pay a license in proportion to his business, as indicated by the number of clerks. It was presumed by the city that if the concern did not have the business it would not employ the clerks, and if it did employ the clerks, it had the business and should pay a license commensurate with the business. The same principle was applied to the barber shops, imposing a license based on the number of chairs over two in a shop, and to similar concerns.

License Inspector Ezell, when he went to collect the license the first of the year, found a number of merchants in revolt. The big merchants thought they could not legally be charged more license than the small ones, no matter how much more business they did, and Captain Ezell to test the law finally got out warrants.

When the case came up in police court Judge Sanders sustained the validity of the ordinance, holding that the city has a right under the law and decisions of the court of appeals to regulate its own revenue and taxation.

An ex parte petition was then filed in circuit court by some of the merchants, Rhodes-Burford's name being used, to have this court pass on the ordinance, and Judge Reed now also sustains it.

Mr. H. C. Rhodes, of Rhodes-Burford, stated today that they would appeal the case to the higher court and once for all settle the question.

That New Office Boy.

It was one of the recent damp, chilly mornings that the members of a manufacturing firm were together in the private office looking over the morning mail, when one said to the other: "That's a pretty heavy draft from the West." Instantly the new office boy jumped to his feet and exclaimed: "It's that draft!" and closed the window that had been left open for ventilation.

THE CINCINNATI BALL CLUB HERE

Will Play the Paducah Team Two Games.

Doyle Will Pitch for Paducah—The Complete Lineup of the Team.

PADUCAH HAS GOOD PLAYERS

This afternoon the first professional game of baseball of the season is being played at Wallace Park grounds between the Paducah K. I. T. league team and the Cincinnati Colts, of the National League.

The lineup of the Paducah team is as follows: Nippert, catcher; Doyle, pitcher and first base; Gillegan, second base; Bateman, third base; Virgil, short stop; Violet left field; Girant, center field and Barlow, right field.

Yesterday afternoon the team, was at Wallace park grounds training and are in pretty good form, although all the stiffness has not yet been worked out of them. Gillegan, Bateman, Virgil and Lane will probably put up as strong an infield as can be found in any minor league. Lane is substituting for Sweeney who injured a thumb in yesterday's game, the first injury of the season in the regular's ranks.

Paducah has a bunch of good hitters, it seems from the work done by the boys at Wallace park Sunday. Virgil got about four hits out of five times up and the other members of the team did equally well, except possibly in two instances where the players were sore from travel and not in good condition to play ball.

The grounds are in better condition than they were Sunday, having been rolled a little and scraped down yesterday.

The left and center fields are a source of great worry to the fielders who have to wear goggles to field properly. Violet wears a large pair of green goggles, but is badly handicapped with them. The grand stand is badly placed here and will probably be moved next season if the management sets out early enough in his season.

Bateman is about the surest thrower from the third bag to first seen in several seasons. Bateman has a strong wing and never misses the bag. He worked down to excellent throwing yesterday and will put up a stiff game today.

Gillegan seems to be in just as good condition as any ball player, and bids fair to become the star catcher and roofer of the season. He has a few ways entirely original and will cause no end of merriment inflicting ginger into the team. All the Paducah "bunch" seems to be husky coaches and fast ball players.

The Colts arrived from the south on the noon train and went to the Palmer for dinner. They are in excellent trim and ready for a good battle. Many are known to local ball players who have played with several of the Cincinnati stars in younger days. The Colts have been working hard and are in excellent trim. The local boys will give them a hard run for their money, however, and will not have such an easy time in defeating the Kilty league team.

Harry Eichele, who managed the Sidney, O., team for the past several seasons, has been engaged to manage the Vincennes, Ind., K. I. T. team. Doyle, Nippert, Bateman and several others who have played here and are known to be fast ball players, were with Chaney during the past several seasons.

W. P. Greaney will probably be the Cairo team manager. Cairo is slow in coming up with the necessary appropriation, but nothing is feared from this source. Cairo will have a team and will be in the league if a few up-to-date sports have to put up all the money necessary to start it off.

President Pullman has instructed National League umpires to pay particular attention to balking this season, and it is more than probable that it will be given strict attention in this and other minor leagues. There was little trouble from this source last year however.

Lloyd will umpire this afternoon and the general admission of 25 and 50 cents is being charged. The street car company got out their big cars, and a large crowd was going out early to witness the sport.

CHICKEN THIEF

HAS MADE NUMEROUS RAIDS ON THE MAYFIELD ROAD.

A chicken thief has made his appearance on the Mayfield road, a few miles out of the city, and during the past week has carried away several dozen chickens.

Mr. Henry Hille, of the I. C. shops, missed six chickens last week and following this robbery Mr. Frank Downe, a neighbor, missed six fowls. Following this, Wash Robb lost 12 and several other residents of that section claim their coops have been entered and their fowls stolen.

Some advance the idea of dogs killing the chickens, but in every instance the chickens have been taken from the coops, the coops being well locked.

FAMINE OVER.

PLENTY OF SAND NOW IN SIGHT IN PADUCAH.

There is plenty of sand here with prospects for a permanent supply.

The contractors and builders who had to stop work on account of a sand famine, were this morning working their men and will have no trouble from this source again, it is assured.

The sand company has its boat in the Ohio pumping sand the pipes extended and sand sucked up from the depths of the river. Yesterday a large load was secured and today the sand pumps are still laboring to supply the demand. With the fall of the river it will be easier to get sand, and the contractors fear no further interference from a sand famine.

TO PAY FINE

GRANT HOWARD WILL NOT TAKE AN APPEAL IN THE CASE.

Grant Howard, colored, the Rowlandtown man who was fined \$100 several days ago for hanging his son up over a fire and "smoking" him for tying a dog to a cow's tail, was arrested yesterday afternoon, but afterwards again released. He at first thought he would take an appeal, and gave an appeal bond but did not take the appeal and finally decided not to take one. As he did not reply his fine Chief Collins got tired waiting and arrested him yesterday, but he then repaid his fine and was released again. Howard seemed afraid to risk his case in circuit court.
